Fulgenzi, an athlete and a teacher

Mr. Leroy Fulgenzi, a Spanish teacher and tennis coach here at Robertson High School, is an outstanding leader in education. His exciting attitude toward youths and their accomplishments in and out of school inspires others to achieve. He works in class with each student, making sure everyone learns. With weekly oral reports given by students in Spanish and guest speakers, students broaden their thoughts about the language. He has never ending ideas and activities to entertain students while learning. Students will never forget having Mr. Fulgenzi for a teacher during their high school days.

Atousa Maleki is a freshman here at RHS. Last year she attended school in Manhattan, Kansas. She thinks that Robertson is a good school to go to for an education. She also likes the sports and activities available to the student to get involved in. She enjoys meeting people and she has made many new friends here at RHS. She says, "This school is very different than the school I attended in Manhattan, but all in all, I like it as much." When she was asked about her feelings towards the filming being done here in Las Vegas she said, "I find it very exciting, I've never seen a film being made before!"

Gerald Ortega is a 17 year old senior, here at Robertson High School. His current grade point average is 3.0 and he is employed at Furr's Supermarket. Gerald is a member of the RHS Pep Club. "What do you think of Robertson High School spirit this year?" "I think school spirit has tremendously improved. The assemblies, school participation, and unity between the classes has increased substantially." "Although I feel that the school faculty needs to show more cooperation with the students in improving the Cardinal Pride. Faculty should allow student body to make their own decisions in school activities and should not discriminate against any involvement in activities that promote spirit."

Gerald came to Robertson his sophomore year from West Las Vegas High School. He is not involved in any sports here at RHS, but has become one of the leaders in spirit of RHS. He leads cheers at pep assemblies and at games. Do you remember the poster put up on the first day of school that said, "Watch Out 1984 has arrived!"? Well that was some of the work of Gerald. The famous "Senior Float" was also some of the work of Gerald. He sincerely hopes this spirit will continue throughout the years.

The Beirut Bombing

In early fall, President Reagan and Congress approved to send a peacekeeping force to Beirut. It was not known how long the fighting would last. The Eighth Main Battalion of the U.S. was assigned to the Aviation Safety Building, used as a headquarters. On October 23rd, tragedy struck.

A Moslem terrorist gang, Hezballah, plotted a plan. This is a group that takes inspiration of the Ayatollah Khomeini of Iran. On October 23rd at exactly 6:20 a.m. a red pickup truck approached the Beirut Airport, where most of the marines were based, turned left into a parking lot, gained speed and charged toward the entrance of the four story building hitting sand bags and exploding with a deafening roar. The pickup truck was estimated to have contained about 2,000 lbs. of high explosives. The blast left a crater 30 ft. deep and 40 ft. wide. Estimated death was over 200.

President Reagans' reactions were to add U.S. naval fleets in the Mediterranean Sea, just off the coast of Beirut. Security was strengthened to prevent this from happening again.

Emily Marquez, a winner at The International Summer Special Olympic Games, was one of two athletes from our unique community to participate in this special event. Emily knowing how to, bowl, ski, throw soccer, and run, was picked by two special ed coaches, Jim and Karen Bender, to first of all participate at district. She worked and trained well to win district. With that same great effort, she also won State. She was now applicable and accepted to become part of the International Summer Special Olympic Games held in Baton Rouge, Louisiana. She was escorted by her mother and Christine, her sister. Emily participated in the 100 meter run and the standing long jump. Unfortunately, she didn't place in the 100 meter run but took the title of becoming second in the world for the standing long jump. All activities were held at Louisiana State University.

Emily has a good record and proud of it. She has three bronze medals, six silver medals, and twelve gold. This does not include her numerous ribbons and trophies. Although she is devoted to her sports, she enjoys keeping busy with her hobbies. She enjoys to crochet, cook, and talk to her boyfriend, Frank Pera, a graduate in 1983.

Emily, 17, moved here from Santa Fe in January 1981. She is the daughter of John C. and Carmen Marquez. Her father passed away in November of '82. She has 8 brothers and 4 sisters, two of them, Earnest and Beth Marquez, who go to school here.

Emily Marquez, Robertson High School is proud of you.

Teacher Tells How He Feels

Mr. Thomas is a new Science teacher. He taught Science at our school from 1961 to 1972. He became Assistant Principal at Middle School in 1972 and in 1976 he became Principal until 1982. He feels at the present teaching staff appears to be very professional and dedicated. "I've seen quite a few new faces, since I taught here ten or so years ago," says Carlos Thomas. Comparing now to when he first taught here he says, "New equipment such as lab stations appear to help the teaching situations." After being out of the classroom for ten years he finds it a little difficult to adjust to being a teacher since "it takes time to become effective in whatever endeavor you undertake. But never the less I will give it my best shot to become an effective teacher once again."

Everyone hangs around in the hall during lunch to what is going on that night. Looks like Coach Covert wants to get on it, too. Amy Romero seems to be more interested in the baton than the book.

As one of the coaches for the Robertson Cardinals Mr. Gallardo said it was really a good experience for him. He also said the Cards were a better football team than their record showed. The thing that Mr. Gallardo really liked about the players was that they had a lot of respect for him.

Mr. Gallardo said he would never forget Las Vegas and its people.

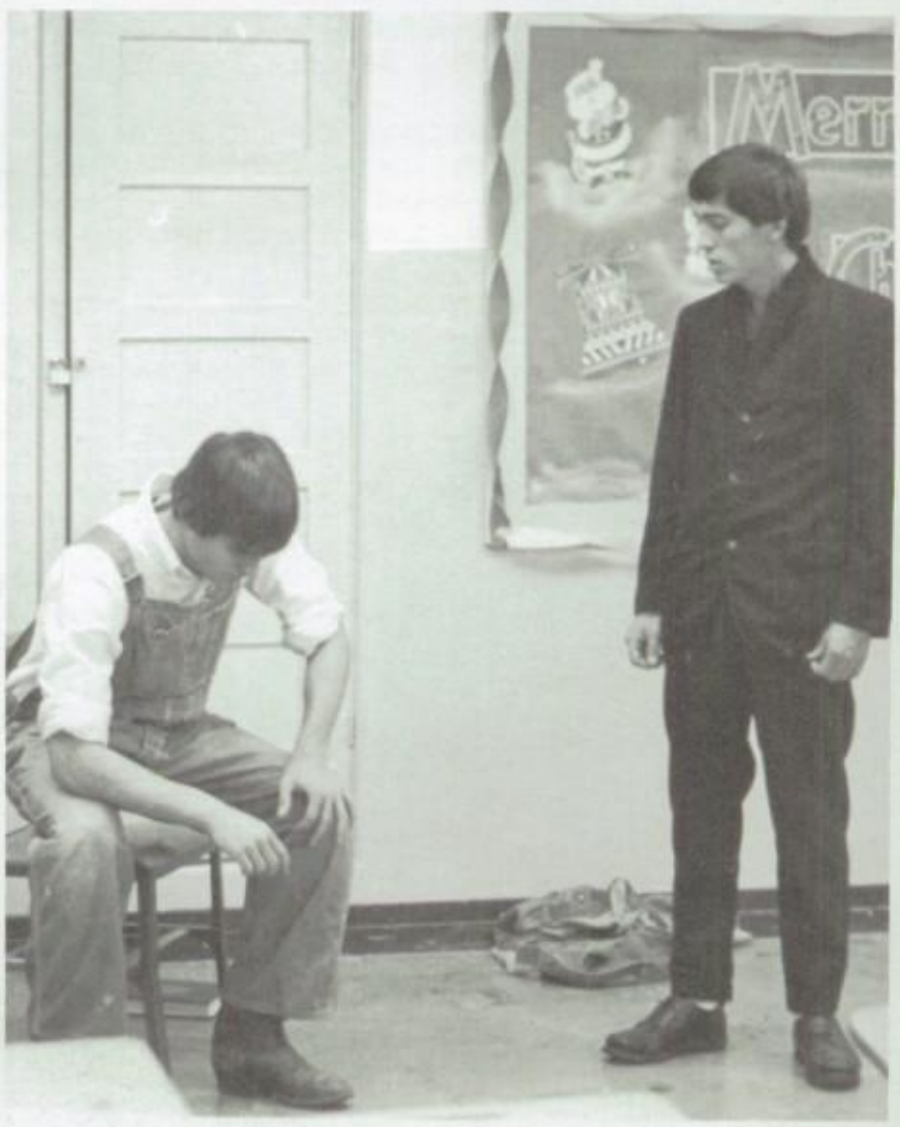
Drama



Cast of "Aria da Capo". Francis Gallegos choaking Joe Valdes in "Aria de Capo". Mike Cole and Steve Sanchez talking in a scene from "Dust of the Road".

Drama students have certain objectives they have to meet within the semester they are in class. the objectives are as follows:

1. Students will demonstrate an ability to perform in group pantomimes and individual patomines.
2. Students will demonstrate an ability to perform in individual improvisions.
3. Students will demonstrate an ability to perform in two-person scenes.
4. Students will research and present material on specific areas of theatre and or theatre history.
5. Students will demonstrate an ability to critique fellow classmates and recorded filmed professional performers.
6. Students will demonstrate an ability to perform in a one act play.
7. Students will demonstrate acceptable Audience Behavior in the classroom.
8. Students will read and comprehend the structural elements of a three act play.
9. Students will demonstrate and ability to direct fellow students in a one-act play.

This years first semester Drama students chose two plays "Dust of the Road" and "Aria da Capo" to put on for R.H.S. students before the Christmas Holiday.

"Dust of the Road" was written by Kenneth Sayer Goodman. He was a young playwright who published few plays before his death in world war I. As a result of his death his parents donated money to the Art Institute in Chicago to build the Goodman Theatre. According to Mrs. OConnell the play is really an "old chest nut" which has been done many times in schools, churches, and community theatres. The cast included Mike Cole, Elizabeth Urioste, Steve Sanchez, and Denley Norman.

"Aria da Capo" is a comedy with a serious theme written by Edna St. Vincent Millay. She starts with a couple talking nonsense and jibberish, but when shepards come on they do a small morality play, similar to those of the Middle Ages. The cast included John Gallegos, Sandra Ortega, Randy King, David Jones, Francis Gallegos, and Joe Valdes. Both plays were performed seven times within a two day period. They performed in front of a total of 455 students.

The second semester Drama students were busy throughout the semester. They worked on one act plays with support and interest added through pantomimes, improvisions, and research. The students also viewed Marcel Marceau films and THE ELEPHANT MAN (where cruelty to one who is physically different is shown). Both were shown on the new video system.

"Lottery", a one act play was performed by the drama students May fourth and fifth at the Arts and Recreational Center. The play was adapted by Brainerd Duffield from a short story by Shirly Jackson. According to Mr. Rick OConnel the play was macabre.

Boy's Dist. 2AAA Runner-ups; 5th at State

The 1983 Boy's Cross-country composed almost entirely of underclassmen returned to the State meet, after a one year absence, finishing a surprising 5th and in the process beat District Champ Taos.

Rated no higher than fourth at District, the Boy's squad finished second with Sophomore Charles Bunch earning All-District honors. Varsity members included Eric Cornejo (Jr), Jerry C de Baca (Soph), Gus Bodner (Jr), and Charlie Rose (Sr). Other members included Pablo Read (Soph), Mark Montoya (Soph), and Robert Romero (Jr).

"Our main strength was our depth at various times during the year. Our top runners were Charles, Eric, Merle, Daniel and Jerry. All of them will return, so next year looks awfully good at this time." said Coach Chavez.

The Girls squad finished third at District missing the State qualifying position by a single point. Mariam earned All-District honors. Team members included Denya Ribal, Theresa Valdes, Dusty Naranjo, Patsy Trujillo, Laurie Rendon, and Monica Montoya (MGR).

The Boys' Varsity won the 12 team Pecos Invitational. Both squads placed high (top 3) in the Meadow City invite, Mora Invite, Raton Invite, Los Alamos Invite, St. Kates Invite, Taos Invite, Highlands Varsity Invite and District.

"Next year we expect to challenge for the District 2AAA Championship and we feel we'll have a shot at a state trophy."

At the United World College on October 2, 1983, the people of Las Vegas met with students from many other countries and shared experiences and lifestyles. The students shared their music, talents, food, recreations sports, etc. The day was fun filled and educational for all ages. The staff and students were all very kind. The day made us all realize that kindness in words creates confidence, kindness in thinking creates profoundness, and kindness in giving creates love.

Robertson High School has been and continues to be an excellent school in every respect. For many years the North Central Accreditation Association evaluations, and the evaluations made by the State Department of Education have indicated that Robertson High School is one of the best. The success of Robertson High School is credited to the many hours of devotion and professionalism the staff has contributed and to the attitude, understanding and academic ability of our students. Congratulations for a job well done.
